“Cask” evening at Benelux – many of Quebec’s breweries are invited!

A first in Montreal! Nearly ten cask conditioned beers will be served simultaneously! However and contrary to English tradition, beers will be served chilled and directly from the cask (small barrel). No pump, no gas pressure: the beer flows by gravity, directly into your glass!

Trou du Diable, Brouhaha, Dieu du Ciel!, MicroBrasserie Charlevoix, Hopfenstark, Brasseurs illimités and of course, Benelux, the event’s host, have all confirmed their presence and other microbreweries may be added to the list!

Come celebrate a week dedicated to beer and meet with craft brewers who make this industry as innovative as effervescent.

Benelux – 245, Sherbrooke St. West – 514 543-9750
